**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance: Patentability has been found because the prior art fails to suggest or show the combination as set forth in the independent claims 1, 2, & 20 including "each player placing at least one wager of Poker Bet and seven side bets". This requirement is not seen or fairly suggested by the prior art of record.

The closest prior art of reference were Webb, Kadlic and Lo (042). All of the cited teachings fail to anticipate or render obvious applicant's invention because none of them teach players placing at least one wager of Poker Bet and seven side bets.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
